PRESS COMMUNIQUÉ

Fort St. George, March 19, 1930
[*G.O. No.* 1199, *Law* (*General*)].

No. 219.—The following steps taken by the Government of Madras for giving effect to the changes in the rules of jail administration recently announced by the Government of India are published for general information:—

1. *Classification of Prisoners—Government of India's decision.*—The Government of India have decided that convicted prisoners should be divided into three divisions or classes A, B and C. Prisoners will be eligible for class A if

(1) they are non-habitual prisoners of good character;

(2) they by social status, education and habit of life have been accustomed to a superior mode of living; and

(3) they have not been convicted of

(*a*) offences involving elements of cruelty, moral degradation or personal greed;

(*b*) serious or premeditated violence;

(*c*) serious offences against property;

(*d*) offences relating to the possession of explosives, fire-arms and other dangerous weapons with the object of committing an offence or of enabling an offence to be committed;

(*e*) abetment or incitement of offences falling within these sub-clauses.

This class will take the place of existing special class. The type of offences such as those under sections 124-A and 153-A of the Indian Penal Code will not unless they involve *mens rea* are likely to lead to violence exclude persons of good character and superior mode of living from admission to this class.

Prisoners will be eligible for class B who by social status, education or habit of life have been accustomed to a superior mode of living. Habitual prisoners will not be excluded automatically; the classifying authority will be allowed discretion to suggest their inclusion in this class on grounds of character and antecedents, subject to confirmation or revision by the Local Government.

Class C will consist of prisoners who are not classified in classes A and B.

The High Courts, Sessions Judges, District Magistrates, Stipendiary Presidency Magistrates, Subdivisional Magistrates and Magistrates of the first class (the two latter through the District Magistrate) in cases tried by them originally or in any other case the District Magistrate should make the initial recommendation for classification in class A or B to the Local Government by whom these recommendations should be confirmed or reviewed.

Local Government's action.—The Government have directed the Inspector-General of Prisons to submit at a very early date the draft amendments to the Madras Jail Manual necessitated by the above decision of the Government of India to classify convicted prisoners. In anticipation of the issue of new rules under the Prisons Act, all Judges and Magistrates have been requested to carry out forthwith the instructions of the Government of India regarding the classification of convicted prisoners.

2. *Privileges of A and B Class prisoners.*—The Government of India have decided that all privileges now given to special class prisoners should be continued to 'A' class prisoners, such as separate cell accommodation, necessary articles of furniture, lights, use of private bedding and cooking pots, reasonable facilities for association and exercise and suitable sanitary and bathing arrangements. Their orders in respect of other details are noted below:—

(*i*) *Diet—Government of India's decision.*—The diet for classes A and B should be superior to the ordinary prison diet given to prisoners in class C and be based on a flat rate of cost per prisoner within the limits of which the actual food may vary. The cost of the superior diet provided in the case of classes A and B should be borne by Government. 'A' class prisoners should be permitted to supplement the present diet at their own expense.

Local Government's action.—The Inspector-General has been asked to submit the necessary amendments to the Jail Manual and to send proposals for fixing the cost of diet per prisoner for A and B classes. In the meanwhile, it has been directed that 'A' class prisoners should be given the superior class of diet already detailed in this Government's communication to the Government of India, the approximate value of which is As. 7-1 per diem, that for the ordinary prisoners being As. 2-6.

(*ii*) *Clothing—Government of India's decision.*—'A' class prisoners will enjoy the privilege of wearing their own clothes. If they desire to have clothing at Government expense; they will be provided with that prescribed for 'B' class prisoners. 'B' class prisoners will wear prison clothing modified in certain respects and of a better type than that worn by 'C' class prisoners. In the selection of clothing for 'B' class prisoners, regard should be paid to the health and the mode of living to which prisoners of this class are accustomed.

Local Government's action.—The Inspector-General has been asked to say what clothing he would suggest as suitable for 'B' class prisoners,

giving also the approximate additional expenditure, if any, involved by the proposal.

(iii) *Accommodation—Government of India's decision.*—The Government of India have suggested that a separate jail in each province for classes 'A' and 'B' is desirable and that a special staff may be sanctioned for dealing with 'A' and 'B' class prisoners.

Local Government's action.—The Inspector-General has been requested to submit proposals as regards separate accommodation for the 'A' and 'B' class prisoners and also the employment of a special staff for dealing with such prisoners.

(iv) *Prison tasks—Government of India's decision.*—The tasks allotted to prisoners in 'A' and 'B' classes should be assigned after due consideration on medical grounds and with careful regard to the capacity, character, previous mode of life and antecedents of the prisoner.

Local Government's action.—Pending the issue of amendments to the Jail Manual, the Inspector-General has been asked to direct all Superintendents of Jails strictly to observe these orders.

(v) *Facilities for reading—Government of India's decision.*—Literate prisoners shall be allowed to read books or periodicals in the jail library. 'A' and 'B' class prisoners shall be allowed to read books and magazines from outside, subject to the approval of the Jail Superintendent, a larger allowance being made for 'A' class prisoners.

Local Government's action.—In view of the importance of the subject, the Inspector-General has been requested to report whether he considers it desirable to appoint a special officer to examine the libraries and submit a report to Government with recommendation for improving them.

(vi) *Newspapers—Government of India's decision.*—Under the existing rules for special class prisoners, newspapers may be allowed in special circumstances and with the approval of the Local Government and this rule shall be retained as regards daily papers. As regards the periodical supply of news to literate prisoners, where the Local Government publish a separate Jail Journal, such practice should be continued.

Local Government's action.—The Madras Jail Department is already publishing the Weekly Prison News sheet known as the *Howard Journal* in English and in the vernaculars. The Inspector-General has been instructed to take steps to see that the *Howard Journal* is enlarged to contain more news. He has also been told that sufficient copies of the journal should be placed in the jail library for the use of literate prisoners and that the existing rule under which arrangements should be made in each jail for reading out the news published in the journal to the illiterate convicts should be given effect to.

(vii) *Letters and Interviews—Government of India's decision.*—The Government of India have decided that 'A' class prisoners may write and receive one letter and have one interview a fortnight instead of once a month as at present. 'B' class prisoners may write and receive one letter and have an interview once a month. Publication of matters discussed at interviews or of the substance of letters received from prisoners may entail the withdrawal or curtailment of the privilege.

Local Government's action.—Pending the issue of amendments to the Jail Manual, the Inspector-General has been directed to give effect to these changes immediately.

(viii) *Other privileges to 'B' class prisoners—Government of India's decision.*—Apart from the concessions given to this class of prisoners described above, they will be treated as ordinary prisoners save that some other privileges in respect of furniture, lights, private bedding, etc., now accorded to European prisoners and to Indian prisoners who have adopted a European standard of living under the present rules will be extended to all prisoners of this class.

Local Government's action.—With reference to this decision the Inspector-General has been asked to specify the privileges that should be extended to 'B' class prisoners.

3. *Reclassification of prisoners now undergoing sentence—Government of India's decision.*—The establishment of an intermediate class 'B' necessarily involves some re-classification of prisoners now undergoing sentences. It will be impossible in these cases to follow the method of classification described in paragraph 1 *supra*, as in many cases, the personnel of the trying courts will have changed since the prisoners were convicted. In such cases, therefore, reclassification will be carried out by the jail authorities subject to confirmation and review by the Local Government.

Local Government's action.—The Inspector-General has been requested to submit as early as practicable, for the approval of the Government, a statement showing the names of prisoners now undergoing sentences who may be classified as 'A' or 'B' class prisoners, giving reasons, in each case, for his recommendation.

4. *'Under-trials.'*

(i) *Classification and treatment—Government of India's decision.*—The Government of India, accepting the principle that some differentiation of treatment is desirable in the case of under-trial prisoners, who by social status, education or habit of life have been accustomed to a superior mode of living, have decided that there should be two classes of under-trial prisoners based on previous standard of living only. The classifying authority will be the trying court subject to the approval of the District Magistrate. The diet provided for 'A' and 'B' class convicted prisoners should be given to the former class and the diet for 'C' class prisoners to the latter. Prisoners in either class should be allowed to supplement this diet by private purchase through the jail authorities. The Government of India have also commended for adoption the suggestion made to them that in cases where under-trial prisoners are inadequately clad or are unable to obtain clothing from outside, suitable clothing which should not be prison clothing should be provided by the jail authorities.

Local Government's action.—The attention of all Magistrates has been drawn to the instructions of the Government of India regarding the classification of under-trial prisoners.

Under-trial prisoners are even now allowed to supply their own food, if they so desire, subject to such restrictions as the Superintendent may impose. They can also supplement, at their own

expense, the jail supply of diet, clothing and bedding. If any under-trial prisoner is without a sufficient supply of clothing, the Superintendent may purchase a cheap cloth for him. With reference to the orders of the Government of India, the Inspector-General has been asked to submit the necessary amendments to the Sub-Jail Manual so far as the classification of and the diet and clothing to under-trial prisoners are concerned.

(ii) *Classification of under-trials before being taken to court—Conveyance and handcuffs—Government of India's decision*—The Government of India have decided that discretion as to classification of under-trials before they are brought before a court should be left to the officer in charge of the police station. When possible, under-trials should be conveyed to and from the court in a special conveyance and handcuffs should only be used if they are necessary.

Local Government's action.—The Inspector-General of Police and the Commissioner of Police have been asked to issue orders embodying these instructions.

(iii) *Accommodation—Government of India's decision.*—The Government of India have also suggested that provision of better and cellular accommodation is particularly desirable in the case of under-trial prisoners, especially for those of the better class.

Local Government's action.—The Inspector-General has been asked to report cases in which he considers the existing accommodation in any of the sub-jails is unsatisfactory or requires alteration with reference to the suggestion of the Government of India.

In exceptional cases the Public Service Commission may treat, as qualified under this rule, a candidate who, though not possessing the foregoing qualifications, has passed examinations conducted by other institutions of a standard which in the opinion of the Public Service Commission justifies their admission.

12. A list of the candidates shall be made in order of their proficiency as disclosed by the aggregate marks finally awarded to each candidate, and in that order as many candidates up to the determined number of appointments as are found by the Public Service Commission to be qualified by examination shall be designated to be selected candidates for the Indian Forest Service, provided that the Governor General in Council is satisfied that they are duly qualified in other respects. The recommendations shall be made primarily from the list of candidates who have sat at the last preceding competitive examination held in India for the Indian Forest Service, and have attained a qualifying standard. Candidates may, however, also be recommended whose names are not included in that list and the Public Service Commission may, if they consider it necessary, call for fresh names in such numbers and from such Local Governments as the Governor General in Council may direct.

16 The Governor General in Council shall forward to the Secretary of State for India in Council the recommendations made by the Public Service Commission and shall propose candidates for appointment as selected candidates.

RULES TO REGULATE THE RECOGNITION AND ADMISSION TO AID OF ELEMENTARY SCHOOLS IN THE AGENCY TRACTS.

CHAPTER I.

Definitions.

1. (*a*) *Elementary Education* in these rules means education up to and including standard VIII.

(5) It shall mean the imparting of instruction in a vernacular, in reading and writing, arithmetic, drawing, nature study and physical training and in the case of girls' schools needlework.

It may also include the following additional subjects:—

Hygiene,	Civics
First aid,	English or a vernacular
Geography,	of the Presidency and
History,	Practical instruction.

Note.—(1) In the earlier stages Kindergarten methods should be adopted.

(2) In the case of girls' schools practical instruction should include health and home-hold management.

(3) Training in music may be provided for wherever possible.

(4) The Director of Public Instruction or the Special Assistant Agent may prescribe courses of study in all or any of these subjects.

(5) The practical instruction given should ordinarily have reference to the chief occupations or industries of the locality and the class of pupils.

2. *Attendance at school.*—The full school day should, as a rule, consist of at least four hours of secular instruction but two meetings each of not less than two hours, whether on the same day or on different days may be counted as one school day. In respect of any school or standard the Special Assistant Agent may for special reasons direct that any course of less than four hours shall be treated as a full school day. In the case of the three lowest standards, instruction should not be given for more than two consecutive hours without a reasonable interval.

Minimum attendance for the year shall ordinarily be calculated in respect of at least 150 school days. The Deputy Inspector of Schools should be notified of such times as the school is closed during the year.

3. In these rules the term 'Deputy Inspector of Schools' shall mean 'Sub-Assistant Inspectress in charge of girls' schools' in the case of girls' schools. The term 'Director' shall mean the 'Director of Public Instruction'. Manager includes also his accredited representatives.

CHAPTER II.

RULES FOR RECOGNITION.

4. The recognition of elementary schools shall rest in the Special Assistant Agents. Each standard above the fourth shall be separately recognised. Recognition shall depend upon satisfactory evidence of the educational needs of the locality as well as of other points specified hereunder. Application for recognition should be made in the prescribed form—Appendix I to these Rules.

5. *Qualifications and number of teachers.*—The teachers should either hold trained teachers' certificates or be competent to teach the standards under their charge. In elementary schools with standards above the fifth the Headmaster should ordinarily hold a Trained Teachers' certificate of the Secondary Grade. This rule may, however, be relaxed in exceptional cases with the previous approval of the Director. Untrained teachers below the age of 35 should be sent for training at the earliest opportunity.

6. Recognition may be refused or withdrawn on account of the employment in a school of any teacher, whom the Special Assistant Agent after due enquiry, considers unfit to be a teacher.

7. There shall be at least one regular teacher for every 40 pupils on the rolls. While this number of pupils is to be in all cases the maximum permissible, it is very desirable that there should be a teacher for every 30 pupils.

8. *Protection from smallpox.*—The presence of pupils unprotected from smallpox may be regarded as a sufficient cause for the withdrawal of recognition.

9. *Buildings, furniture and appliances.*—The building used for the school should be suitable, should be kept clean and should admit sufficient light and air.

10. The provision of much furniture need not be insisted upon, but there should be a supply of suitable pictures and other simple appliances. The Inspecting officers may, for particular localities, prescribe or advise as to the nature of the furniture and appliances, necessary for schools in those localities.

11. *Text-books.*—No books (other than books for religious instruction) shall be used in the school by the teacher or pupils, which have not been approved by Government. A list of approved books for Elementary schools will be published from time to time.

12. *Registers.*—The following registers shall be kept in the prescribed form and produced to the Inspecting Officer when required:—

(1) Register of admissions and withdrawals—Appendix II.

(2) A register of attendance of pupils—Appendix III.

(3) A register of attendance of teachers—Appendix IV.

(4) A register of progress and conduct—Appendix V.

(5) An inspection book.

(6) A visitors' book—Appendix VI.

The registers must be carefully kept by the Headmaster and should be countersigned by every Inspecting officer when he visits the school. No entry should be made in the inspection register except by an Inspecting officer. The entries in the Inspection book should be in a language understood by the Head teacher. In the visitors' book district officials and other visitors to the school may be invited to make remarks.

13. *Admissions and promotions.*—No transfer certificate shall be demanded from any pupil on admission to an elementary school. The pupil shall be placed in the standard which the Headmaster considers suitable. The Inspecting officer may order the removal of any pupil from one standard to another, if it seems desirable; any such removal should be recorded in the Progress and Conduct Register in schools where such a register is maintained and in others in the Inspection book.

14. *School-leaving certificate.*—On leaving the school, having passed through the fifth or any higher standard, a pupil shall on application be granted a school-leaving certificate in the authorized form if found by the Inspecting Officer entitled to it under instructions issued by the Director. These certificates are called Elementary School-leaving certificates and must be on the numbered forms issued by the Director.

15. *Medium of instruction.*—Instruction must be given through the medium of the vernacular of the pupils wherever this is possible. The exceptions would be cases of Muhammadans or pupils with a vernacular different from that of the bulk of the pupils.

16. *Course of study.*—The course of studies should be arranged and time-tables drawn up in consultation with the Inspecting officer, provided that where a course of studies has been drawn up by the Director or the Special Assistant Agent such course of studies shall be adopted. School hours and vacations should be suited to agricultural or other conditions. The Inspecting Officer should record his opinion in the inspection book as to which subjects each teacher is qualified to teach and no other subjects should be attempted by him. Special care should be taken in this respect in regard to English.

CHAPTER III.

RULES FOR AID.

SECTION I.

Teaching grants on behalf of elementary schools.

17. *Scale of grants.*—Teaching grants will be calculated at the following rates:—

	Rate per year	
	Untrained teacher.	Trained teacher.
	Rs.	Rs.
For each teacher of the Lower Elementary grade.	80	108
For each teacher of the Higher Elementary grade.	108	144
For each teacher of the Secondary grade.	144	200

The grant thus calculated will be called the assessed grant.

18. *Fixing the amount of grants.*—The Inspecting officers may propose for a school a reduction not exceeding 25 per cent of its assessed grant for defects in organization, discipline, instruction and accommodation, also on account of a diminution of the number of school meetings, an undue shortening of the school day or the portion thereof devoted to secular instruction, the presence of pupils unprotected from smallpox or insufficiency of funds. Intimation shall be given to the manager at the time of inspection or soon after, of the Inspecting officer's intention to recommend a reduction of the grant together with his reasons therefor. They may, on the other hand, propose for a school an increase not exceeding 50 per cent of the assessed grant for attainment of a high standard of efficiency more especially for the introduction of any methods of teaching calculated to train the children's faculties and powers of expression and observation, proper attention to physical exercises and generally any attempt to fit the children for their position in life. The recommendation of the Inspecting officers as regards either reduction of 25 per cent of the assessed grant or an increase of 50 per cent thereof shall be limited to exceptional cases. Cases of recommendation for increase of 50 per cent of the assessed grant shall not ordinarily exceed 10 per cent of the schools admitted to aid.

The assessed grants as modified by the increase or decrease proposed by the Inspecting officers shall be called the "Assigned grant." The grants so assigned shall be subject to the orders of the Special Assistant Agent. Assignments of grants involving decreases of over 25 per cent or increases of over 50 per cent of the assessed grant shall be submitted to the Agent who may on enquiry determine the amount of reduction or increase or withhold it altogether and take such other measures as the occasion may appear to require in cases where there has been falsification of registers or misrepresentation regarding the employment of teachers or the attendance of pupils or any other fraud or irregularity or violation of any of the conditions of recognition and aid. Increases of the assessed grant by more than 50 per cent shall be confined to special cases where it is obvious that sufficient funds from other sources are not forthcoming, in particular such increased grants may be made to Higher Elementary schools and schools for girls and schools for aboriginal tribes. In all cases the payment of grants will be subject to the fund available for the purpose with the Special Assistant Agent; where funds are inadequate the grants should be reduced and distributed pro rata.

19. *Application for aid.*—Application for admission to aid in any official year shall be made to the Special Assistant Agent in the prescribed form (Appendix VII) through the Deputy Inspector of schools in the month of September of the previous year. The Deputy Inspector will submit the application to the Special Assistant Agent with his recommendations so as to reach him not later than the 1st December following.

Applications for supplemental aid on behalf of deserving schools may be entertained by the Special Assistant Agent on other than the prescribed dates.

20. *Admission to aid.*—The Special Assistant Agent shall scrutinize the applications for aid and after considering the recommendations of the Inspecting officers, shall determine what schools shall be admitted to aid. In determining this, he shall take into account the number, the character and the financial condition of the schools, the educational needs of the locality and the funds available.

21. *Tabulation of schools admitted to aid.*—The Special Assistant Agent shall draw up a consolidated list in the prescribed form (Appendix VIII) of all recognized elementary schools in each revenue district indicating those admitted to aid.

A list of schools not admitted to aid shall also be prepared at the same time, the reason for rejection being briefly indicated in each case.

22. *Publication of lists.*—The consolidated list drawn up for each district as prescribed in the preceding paragraph shall be published and shall be issued to Presidents of Local Boards, Treasury and Inspecting Officers, Revenue Officers, Agency Medical Officers and Director of Public Instruction.

23. Applications for change of management of an institution should be made to the Special Assistant Agent through the Deputy Inspector of Schools

24. *Annual inspection.*—In addition to any other visit which may be paid by an Inspecting officer to an aided school there shall be an annual inspection. The date fixed for the annual inspection shall be communicated to the manager at least seven days beforehand and at the same time the manager shall be furnished with a form (Appendix IX). The form shall be filled up by the manager and submitted on the day of inspection to the Inspecting officer who shall compare it with the school registers and satisfy himself that the entries therein are correct He shall submit it with a copy of the inspection report to the Special Assistant Agent.

25. *Payment of grants.*—The Special Assistant Agent shall prepare a grant bill in the prescribed form (Appendix X) for each school or for each set of schools under the same management in the same local area and having the same manager. The Special Assistant Agent shall also sign such bills and arrange for the payment of the amount to the manager.

APPENDIX XI.

[Chapter IO, Section 2, Rule 27.]

INSTRUCTIONS AS TO THE SANITARY AND HYGIENIC REQUIREMENTS TO BE OBSERVED IN THE DESIGNING AND CONSTRUCTION OF SCHOOL BUILDINGS IN THE PRESIDENCY OF MADRAS.

Selection of sites.

In the selection of a site the following points should be weighed against considerations of economy, convenience, proximity to houses of parents, etc :—

(i) A site should not be selected if its natural position is in a hollow or in the neighbourhood of high trees or houses which prevent the free circulation of air and the access of sunlight to the school buildings. Shady trees are, however, of value in *the playground* provided that they do not unduly reduce the space available for play and are not planted so close to the school buildings as to obstruct the entry of light into the class rooms, or in course of time to cause damage to the structure.

(ii) Made soil should be avoided and, as far as possible, all soils which are specially retentive of moisture

(iii) Sufficiency of space is important, and in this connexion the possibility of future extension and the necessity of giving subsequent class-rooms the proper Orientation should be borne in mind.

(iv) Channels and tanks in the vicinity are a disadvantage.

(v) The presence of rank vegetation, more especially prickly-pear, is objectionable.

(vi) The neighbourhood of dusty and noisy roads and of shops or factories should, as far as possible, be avoided,

2. All site plans should show the nature of the surroundings, the height of the neighbouring buildings, the north point and the direction of the prevailing wind.

Orientation of buildings.

3. This will differ for different parts of the Presidency and will depend chiefly on the best way to secure perflation of air. Subject to this the more buildings are lighted from the north the better

Floor space.

4. When funds are available, they should be utilized in providing floor space in excess of the following *minimum* requirements :—

For Elementary schools.	9½ sq. ft.	per pupil.
For Secondary schools.	11	do.
For Training colleges and Technical schools.	15	do.

Rooms which are intended to be used for practical work, such as laboratories, drawing rooms, workshops, etc., should be carefully designed with a view to the nature of the work and the number of students to be accommodated.

Composition of floors.

5. It is desirable that the floors should be made of a material which will admit of their being washed with water. Stone flagging or something better must be aimed at in rooms where desks or benches can be provided. Where the pupils have to sit on the floor, stone floors need not be insisted on if objected to. At the same time it must be recognized that from the hygienic point of view they are to be preferred and the objection on the score of their coldness can be met by providing boards or mats. But where this is done, the greatest care must be taken to ensure that the mats are kept scrupulously clean.

Seating arrangements.

6. The general principles which should govern the construction of desks are set forth in Annexure (i). Where dual desks are used, the desks may be arranged most suitably as shown in diagram, Annexure (ii).

7. Forms without backs and desks are objectionable; type-designs for desks are issued by the department.

8. Pupils should be seated in rows with the main light falling from the left side; they should never face the light. The same remark applies to the teachers.

Windows.

9. Windows serve two purposes—

(*a*) Admission of light,
(*b*) Admission of air.

10. They should be placed at regular distances so as to ensure uniformity of light.

11. Window sills should not be more than 4' from the ground in rooms in which the scholars are seated at desks. When pupils sit on the floor the sills should come to within 2½' or 3' of the floor level. Windows for subsidiary lighting may have their sills more than 4' from the floor.

12. The window area should not be less than one-fifth of the floor area and wherever possible the principal lighting should be from the north.

Doors.

13. Class rooms should not have to be used as passages from one part of the building to another. They should consequently not open into one another but into passages or verandahs. No class room should have more than two doors and in most cases one is preferable. The door or doors should be at the teacher's end of the room.

Height of class rooms.

14. The minimum height of the room in secondary schools, training colleges and technical schools should be 12' to the tie beam when the room has an open sloping roof and 14' to the under-side of the joists where the room has a terraced ceiling. In elementary schools the minimum height should be 10' and 12' respectively.

Ventilation.

15. Unless there are windows reaching to the top of the wall and capable of being opened, ventilators are necessary near the top of the wall. The ventilators should be regularly distributed in the same way as the windows. For each pupil 48 square inches of open ventilator should be provided.

Dimensions and fittings of class rooms.

16. It is important that no school or class room should be more than 24' in width, or otherwise the rows of pupils will be too long to be properly controlled by the teacher. The length of a room must depend on the number of classes to be held in it. In the case of a school divided into a number of class rooms, the dimensions of any room should not exceed 24' × 25', that is, an approximate square. If it is admitted that a square is the best area for teaching purposes, the length of a class room in a one-roomed school should approximate closely to some multiple of the width. Ample wall blackboard space should be provided especially on the wall at the teacher's end of the room which should be unbroken by doors, windows or cupboards. Cupboard recesses in other walls should be provided, also recesses with open shelving. Rails under the cornice for hanging maps, pictures and diagrams are essential. The smallest class room for 40 boys in dual desks should be 21' wide and 23' long. The arrangement of such a room is shown in the enclosed diagram G.A. No. 306 of 1917, Annexure (ii). To accommodate similarly desks of larger dimensions those of the room must be proportionately increased.

Roofs.

17. The roof should, as far as possible, be impervious to heat.

Sanitary arrangements.

18. Latrines should not be placed nearer than 40' to any school building. They should be so situated that the prevailing wind will not blow from them in the direction of the school.

19. The type-designs of the sanitary department should be consulted when planning latrines.

20. For boys' schools separate urinals and latrines should be provided. Separate accommodation should in all schools be provided for the teaching staff.

21. The number of latrine seats should be on the following scale :—

	Girls.	Boys.
Under 30 children	2	1
" 50 "	3	2
" 70 "	4	2
" 100 "	6	3
" 150 "	8	3
" 200 "	8	4
" 500 "	12	5
" 500 "	20	8

22. There should be in addition for boys urinals at the rate of 4 per cent or if separate urinals are not provided the number of latrine seats should be correspondingly increased

NOTE.—It is not intended that all these clauses should be applied in the case of elementary schools. In preparing plan for elementary school buildings only such points as refer specially to elementary schools or are applicable to all classes of schools should receive attention.

ANNEXURE (i).

1. The seat should not be so high as to prevent the child resting its feet upon the floor, or on a footboard, and if the latter, the knees should not be elevated.

2. Assuming a child to be sitting upright in his seat and the arms to be hanging freely down the edge of the desk next the body should be

about an inch higher than the level of the elbows in the case of boys, and from 1½ to 1¾" in the case of girls.

(If the desk be higher than this, there is a tendency for the boy to be twisted and for one shoulder to be raised above the other with the consequent risk of lateral curvature of the spine.)

3. A line dropped from the edge of the desk ought to strike the edge of the seat or a point an inch or two within it.

(This arrangement obliges the child to assume an upright position which is best for the eyes and the spine.)

4. No seat should be without a back, and the top of this should be one inch lower than the edge of the desk in the case of boys, and one inch higher than the edge of the desk in the case of girls. (In schools which are graded, great inequalities will be found in the size of the scholars in each room, to meet which it is desirable to provide three sizes of desks. In schools of mixed ages there should be a large number of sizes.)

5. The desk must not be flat. It should slightly incline towards the child.

6. The seat should not be flat, but saddle-shaped. Change of position will be desirable.

7. The desks must be easy of access yet compactly arranged. The angle of vision for the teachers should be not more than 45°.

Height and dimensions.

(1) The sloping part of the top should be not less than 12" in width.

(2) The inclination should be about 2° and the slope should be about 1 in 10.

(3) The flat portion of the desk with groove should be from 3 to 3½" in width.

(4) The proper height allows the forearm of the seated child to rest horizontally upon the desk without discomfort—

(a) Youngest children 20" to 25" to the middle of the slope.

(b) Intermediate children 22" to 26" to the middle of the slope.

(c) Oldest scholars 30" to 36" to the middle of the slope.

The seat should be 15½" high.

(5) The back rail should be not more than 7" for younger children and not more than 10" for the older ones.

(6) The minimum space for each child should be 20". 22" would be better.

(7) The width of the gangway should be 18" at least.

(8) The seats should be 6" wide.

4. The tender should be in the prescribed departmental Form V-49 for schedule contract system which may be obtained from the Division office or Subdivision office.

5. The tenderer should furnish rates and amounts on Schedule 'A' for items of work to be measured and merely L.S. amount in a separate schedule which may be called 'B' for items not susceptible of measurement or for items for which the tenderer wishes to quote a fixed price. Extra items, if any, for which the tenderer requires payment may be included in Schedule 'C' or it may be left blank (vide instruction No. 4 in the tender notice form to be submitted by the tenderer mentioned in paragraph 4 above).

6. The tenderers should clearly state the time required by them for completing the work from the date the site is handed over for commencement of work. This fact will be taken into consideration while selecting the contractor and tenders which fail to furnish the time required will probably be ignored.

7. The tenderers should enter the rates and amounts in words also. Corrections should be avoided as far as possible and, if any occur, they should be initialled and dated.

8. When once the rates are tendered and accepted, they will not be revised under any circumstances.

9. Tenders of those offering a percentage below or above the estimate amount will be rejected.

10. Each tender should be accompanied by an earnest money of Rs. 1,000 in cash or currency notes of the Madras Circle.

11. The Executive Engineer, T.R.S. Division, Chittoor, will reserve to himself the right of rejecting all or any of the tenders without assigning any reasons for so doing.

12. As soon as the acceptance of the tender is notified, the successful tenderer should deposit a further sum of Rs. 1,000 which, together with the earnest money, will be retained as security for the due fulfilment of the contract. This security deposit will, if the contractor so desires, be paid into the Post Office savings bank so that he may earn interest on the amount.

13. The earnest money of the unsuccessful tenderers will be refunded to them by means of cheques drawn on the Chittoor Treasury and the parties should make their own arrangements to have the cheques cashed.

14. The successful tenderer will be required to sign an agreement in the proper departmental form of contract (Form K-1) for the due fulfilment of the contract.

15. Failure to comply with conditions 12 and 14 above will entail forfeiture of the earnest money.

16. The contract should not be sublet.

17. The selected tenderer will be kept strictly to the time limit furnished by him for purposes of damages which will be Rs. 7 8-0 per diem for every day over the stipulated time the work remains incomplete.

18. Items that do not find a place in the agreement or in this tender notice but are found necessary during actual execution of the work will be paid for on actual measurements at the rates proportionate to the prices contained in the accepted agreement.

19. Setting out and marking and all watering of works, scaffolding charges and cost of clearing site on completion of work should be borne by the tenderer. He should always arrange for his own

mortar mill, tools and sheds to keep his materials properly and also for baling charges whenever found necessary. These facts should be taken into account when he enters the rates. If, however, the tenderer wishes for extra payment on account of the above, he should quote rates in Schedule 'C'—vide paragraph 5 above.

20. Seigniorage and toll gate charges on materials should be borne by the contractor and the tenderers should quote their rates on this understanding for finished work.

21. The bricks to be used on the work should be well burnt and of uniform and regular size of 8½" × 4½" × 2½".

22. Other conditions of contract and the contract documents can be seen by the tenderers at any time between 11 a.m. and 5 p.m. (except on holidays) in the office of the Executive Engineer, T.R.S. Division, Chittoor, or the Subdivisional officers, Chittoor and Madanapalle.

23. The work may be required to be started immediately the tenderer is fixed up by the proper authority. But the Executive Engineer cannot accept any responsibility towards the contractor for any delay in giving instructions to start work.

24. The names of probable quarries for materials are given in the schedule for the tenderers' general information. The department will, however, not undertake to pay any extra charges for lead in case the contractor is found later on to have underestimated the same. They should make sure of the exact leads before tendering.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to continue certain provisions of the Indian Finance Act, 1929, which would otherwise cease to have effect from the 1st April 1930; to levy an import duty on silver subject to a full drawback; to raise the import duties on sugar and cotton piece-goods; to raise the export duty and reduce the import duty on kerosene; to reduce the export duty on rice; to increase the rates of income-tax and super-tax in certain grades; and to enable Reparation receipts to be appropriated to revenue. The new measures have been explained at length in my budget speech. The following is a brief explanation of the individual provisions.

2. Clauses 3 and 5 provide for the continuance, for a further period of one year, of the rates of salt duty and postage prescribed by the Indian Finance Act, 1929, while clause 8 provides for the credit to revenue, till the 31st March 1931, of interest on securities forming part of the Paper Currency Reserve.

3. Clause 4 provides for the following alterations in customs tariff:—

(*i*) Levy of an import duty of 4 annas an ounce on silver bullion and coin as specified in Schedule I, with a full drawback in the case of re-exports, which is provided by clause 2. This is expected to yield Rs. 1 crore in 1930-31.

(*ii*) Increase of the import duty on all kinds of sugar and sugar candy, but not molasses, by Re. 1-8-0 per cwt. In the case of sugar below 8 Dutch Standard and sugar candy, this will mean the levy of a composite duty of 26 per cent *ad valorem* plus Re. 1-8-0 per cwt. This is calculated to yield Rs. 1,80 lakhs in 1930-31.

(*iii*) Increase in the import duty on cotton piece goods from 11 per cent to 15 per cent *ad valorem*, which is expected to bring in Rs. 1,25 lakhs next year.

(*iv*) Reduction in the import duty on kerosene from 2½ annas to 2¼ annas a gallon. This is coupled with the increase in the corresponding excise duty from 1 anna to 1¼ annas a gallon which is provided for in clause 7. While the latter measure will yield an additional 50 lakhs, the former will cost Rs 15 lakhs in 1930-31, but will help generally to keep down the price.

(*v*) Reduction in the export duty on rice from 3 annas to 2½ annas a maund which will cost Rs. 30 lakhs to Government next year but is designed to remove the disparity, which at present exists, between the Indian export duty and that imposed by Siam.

4. Clause 6 provides for the continuance for another year of the rates of income-tax and super tax prescribed by the Indian Finance Act, 1928, with an increase of a pie in the rupee on rates of

(*i*) income-tax on incomes of Rs. 15,000 and upwards, and

(*ii*) super-tax with the exception of companies' super-tax.

This addition is expected to yield a revenue of Rs. 70 lakhs in 1930-31.

5. Clause 9 seeks to repeal section 7 of the Indian Finance Act, 1926, which requires that Reparation receipts subject to certain reductions should be appropriated for the reduction or avoidance of public debt. The repeal will release the receipts for revenue purposes. The amount which will be so released in 1930-31 will be Rs. 32 lakhs.

The 28th February 1930 GEORGE SCHUSTER.

The following Bill was introduced in the Legislative Assembly on the 28th February 1930 :—

L.A. BILL No. 12 OF 1930.

A Bill further to amend the Indian Tariff Act, 1894, and to amend the Indian Tariff (Cotton Yarn Amendment) Act, 1927.

WHEREAS it is expedient further to amend the Indian Tariff Act, 1894, in order to protect the cotton textile industry in British India in respect of the manufacture of cotton piece-goods, and to amend the Indian Tariff (Cotton Yarn Amendment) Act, 1927, in order to continue for a further period the protection already given to that industry against competition in cotton yarn produced under industrial conditions which enable such yarn to be produced at a cost below that at which it can be produced in British India; It is hereby enacted as follows :— VIII of 1894. XXIII of 1927.

Short title. 1. This Act may be called the Cotton Textile Industry (Protection) Act, 1930. VIII of 1930.

A mendment of the Second Schedule, Act VIII of 1894. 2. (*1*) After Item No. 158 of the second schedule to the Indian Tariff Act, 1894, the following heading and item shall be inserted, namely :—

"YARNS AND TEXTILE FABRICS.

158-A	Cotton piece-goods, not of British manufacture—		
	(*a*) plain grey, that is, not bleached or dyed in the piece, if imported in pieces containing any length of more than nine yards which is not divided by transverse woven headings,	*Ad valorem* ..	20 per cent or 3½ annas per pound, whichever is higher
	(*b*) others	*Ad valorem* ..	20 per cent."

(*2*) The amendment made by sub-section (*1*) shall have effect only up to the 31st day of March 1933

(*3*) The words "or 3½ annas per pound, whichever is higher" appearing in the fourth column of Item No. 158-A of the said second schedule, as inserted by sub-section (*1*), shall not have effect until such date as the Governor General in Council may, by notification in the *Gazette of India*, appoint.

A mendment of section 2, Act XXIII of 1927. 3. In sub section (*2*) of section 2 of the Indian Tariff (Cotton Yarn Amendment) Act, 1927, for the figures "1930" the figures "1933" shall be *substituted*. XXIII of 1927

STATEMENT OF OBJECTS AND REASONS.

For several years the cotton textile industry, though one of the oldest organized industries in India, has been passing through a period of great difficulty. Since the war its internal organization has not been re adjusted to an extent sufficient to enable it to meet severe competition from other countries where reorganization has already taken place. The condition of the industry is, in fact, very much that contemplated by the Fiscal Commission when in paragraph 100 of their report they included in the category of industries to which

protection might be granted an industry which, though not young, was suffering from some temporary deterioration or atrophy. From the evidence in the possession of Government it appears that during the last three years, and particularly in the last six months, the pressure of external competition has intensified, and that the cotton mill industry throughout India is depressed, though the extent of the depression varies at different centres. In Bombay Island, where in two successive years the mills have passed through prolonged and exhausting labour disputes, a stage has been reached when the continued existence of the industry is endangered. External competition is most severe in the class of plain grey goods which form a high proportion of the output of the Indian mills and particularly of those situated in Bombay Island. In these circumstances, emergency measures are called for in order to give the industry temporary shelter and time to reorganize itself and increase its efficiency. It appears further that the depression in the industry is due not to the competition of goods imported from the United Kingdom, but of goods imported from elsewhere.

2. In order to effect its object the Bill seeks to impose (*a*) a protective duty of 20 per cent. *ad valorem* on cotton piece-goods of all classes, and (*b*) a protective minimum specific duty of 3½ annas a pound on plain grey goods, these duties being applicable to goods not manufactured in the United Kingdom. Goods made in the United Kingdom will be subject only to the revenue duty. The specific minimum duty is required in order to afford adequate protection to the Indian mills in respect of that class of goods where external competition is most severe.

3. It is proposed that the protective duties should remain in force only for a period reasonably sufficient to enable the industry to reorganize itself. For this reason the Bill fixes the 31st March 1933 as the limit of the period within which the duties will operate. The 20 per cent *ad valorem* duty will come into force as soon as the Bill becomes law, and the date from which the minimum specific duty will take effect will be fixed by notification. This is necessary in order that shippers may have time to mark consignments of plain grey goods for weight.

4. The Bill also takes the opportunity to extend for a further period of three years the operation of the Indian Tariff (Cotton Yarn Amendment) Act, 1927. That Act was passed to meet competition from yarn produced in Japan under industrial conditions which were unfair by reason of the absence of any restriction on the night work of women in the mills. With the passing of the Japanese Factory Law of 1929 the unfair element in Japanese competition has disappeared. Meanwhile the total imports of twist and yarn from China increased from 945,000 lbs. in 1926-27 to 12¾ million lbs. in 1927-28 and to 11½ million lbs in 1928-29, imports during the whole of the latter year having been subject to the specific minimum duty. The imports for the first nine months of the current financial year were 1½ million lbs. Until January of this year Chinese law placed no limit on the hours of work either of men or women, and no restriction on the employment of children. Information has very recently been received that on the 16th January 1930, a law was promulgated in China which prohibits child labour and the night work of women, and limits the hours of work generally, but no evidence is forthcoming to show that any steps have been taken to make this law effective. In

these circumstances, Chinese mills must still be regarded as possessing no unfair advantage justifying continuance of the minimum specific duty imposed in 1927.

G. RAINY.

The following Report of the Select Committee appointed to consider the draft amendment to the Standing Orders proposed by the Honourable the Home Member was presented to the Legislative Assembly on the 5th March 1930:—

We, the undersigned, Members of the Select Committee to which the draft of an amendment to the Standing Orders to provide for a person to preside over Select Committees of the Assembly in the absence of the chairman was referred, have considered the amendment and have now the honour to submit this our Report.

2. The draft amendment contained the words "if the chairman is unable to be present", which may give rise to difficulty. There may be very strong reasons justifying the chairman's absence, yet the circumstances may be such that he cannot be said to be "unable to be present". We prefer a more elastic form, and have amended these words so that they will run "If the chairman is not present".

3. We have also inserted the words "if any" after the words "the person present", as it may happen that there is no such person present.

4. The proposed amendment to the Standing Orders, as amended by us, will run:—

"That after sub-order (3) of Standing Order 40, the following new sub-order be inserted, namely:—

'(3A) If the chairman is not present at any meeting of the Committee, the person present, *if any*, who is next in the order given in sub-order (3) may preside and exercise the powers of the chairman'."

We recommend that the amendment be passed in this form.

The 28th February 1930.

The following Report of the Select Committee on the Bill further to amend the Indian Companies Act, 1913, for certain purposes, was presented to the Legislative Assembly on the 6th March 1930.—

We, the undersigned, Members of the Select Committee to which the Bill further to amend the Indian Companies Act, 1913, for certain purposes, was referred, have considered the Bill and have now the honour to submit this our Report, with the Bill as amended by us annexed thereto.

2. *Clause 2.*—We have added to proposed section 144 (*2*), a provision that the rules should provide for renewal and cancellation of certificates. At the same time we have deleted the reference to conditions and restrictions from proposed section 144 (2B) which as it stood might have been interpreted as authorising territorial restrictions which we consider undesirable.

We have also inserted a proviso to the effect that certificates shall not be withheld merely because the applicant is not a regularly practising accountant. We do not consider that an otherwise qualified accountant should be debarred from auditing accounts simply on the ground that accountancy is not his sole occupation.

We are agreed that the first members of the Central and Local Advisory Boards should be nominated by the Governor General in Council for a fixed period. We consider, however, that, on reconstitution, the Boards should contain a progressively increasing elected element. We have accordingly made slight amendments in proposed section 144 (2A) (*e*) and (*f*) in order to render this possible.

Clause 3.—We consider that, in addition to the temporary safeguard afforded by this clause to persons entitled under the existing law to audit accounts, they should be entitled, on payment of the usual fee, to enrolment in the proposed register of accountants and have provided accordingly. This amendment will not exempt such persons from liability to removal from the register for misconduct, etc.

3. The Bill was published in the *Gazette of India* of the 15th February 1930.

4. We think that the Bill has not been so altered as to require republication and we recommend that it be passed as now amended.

LEGISLATIVE ASSEMBLY BILL No. 22 OF 1929.

1929 ലെ 22-ാം നമ്പർ ലെജിസ്ലേറ്റീവ് അസംബ്ലി ബിൽ.

A BILL TO SECURE A SHARE FOR HINDU WIDOWS IN THEIR HUSBANDS' FAMILY PROPERTY.

ഹിന്ദുവിധവകൾക്കു അവരുടെ ഭർത്താക്കന്മാരുടെ കുടുംബസ്വത്തിൽ ഒരു ഓഹരി[1] ഉറപ്പിക്കുന്നതിനുള്ള ഒരു ബിൽ.

ഹിന്ദുവിധവകൾക്കു അവരുടെ ഭർത്താക്കന്മാരുടെ കുടുംബസ്വത്തിൽ ഒരു ഓഹരി ഉറപ്പിക്കുന്നതു യുക്തമായിരിക്കയാൽ; ഇതിനാൽ താഴെപറയും പ്രകാരം നിയമിച്ചിരിക്കുന്നു:—

ചുരുക്കപ്പേരും വ്യാപ്തിയും പ്രാരംഭവും.

1. (1) ഈ ആക്ടിനെ 1929 ലെ ഹിന്ദുവിധവകളുടെ പാരമ്പര്യാവകാശ ആക്ട് എന്നു പേർ പറയാം.

(2) ഇതു സ്റ്റിട്ടിക്ക് ബഹുചിസ്ഥാനം സന്തൽപർഗ്ഗനകളും ഉൾപ്പെടെ ബ്രിട്ടിക്ക് ഇന്ത്യ മുഴുവനും വ്യാപിക്കും.

(3) ഇതു 19 മാസം തികയുന്നി നടപ്പായി വരികയും ചെയ്യും.

ആക്ടിലെ പദം.

2. ഈ ആക്ടിൽ വിരോധത്തിലോ സന്ദർഭത്തിലോ വിരുദ്ധമായി യാതൊന്നുമില്ലാത്തപക്ഷം, "വിധവ" എന്നതിൽ, ഹിന്ദു മതമോ ജെയിനമതമോ സിഖ്മതമോ തൽകർമ്മകാലത്തു അനുചരിക്കുന്ന ഒരാളുടെ വിധവ ഉൾപ്പെടും.

ഒരു ഹിന്ദുവിൽ നിന്നും ആർജ്ജിതസ്വത്തിലും മറ്റു അപ്രതിഫല വിധവയുടെ കാലതിക്രമ അവകാശം.

3. (1) ഒരു വിധവയുടെ ഭർത്താവു മരിയാളുടെ മരണകാലത്തു ഒരു മിട്ടകുടുംബത്തിലെ അംഗമായിരുന്നാൽ, തന്റെ ജീവകാലത്തു വസ്തു വിഭാഗം നടത്തിയിരുന്നവരിൽ കുടുംബസ്വത്തിൽ അവൾക്കു ഭർത്താവിനു അവകാശമുണ്ടായിരുന്നതു പോലെ ഓഹരിക്കും അതേ വിധമുള്ള അവകാശമുണ്ടായിരിക്കുന്നതും, അങ്ങനെ വിഭാഗിച്ചിട്ടുള്ളതിനു വിധവ വ്യവഹരിപ്പിക്കാവുന്നതും അർഹയും, ഒരു ഓഹരി അവൾക്കു പൂർണ്ണാധികാരസ്വത്തായിത്തിരുന്നതുമാണു.

(2) ഒരു വിധവയുടെ ഭർത്താവു മരിയാളുടെ മരണകാലത്തു ഒരു കുടുംബത്തിലെ അംഗമല്ലാതിരുന്നാൽ, തന്റെ എല്ലാ സ്വത്തും പൂർണ്ണാധികാരത്തോടുകൂടി അവൾക്കു സിദ്ധിക്കുന്നതാണു.

എന്നാൽ ഒരു വിധവ തന്റെ ഭർത്താവിനു മുമ്പായി ഒരു പുരുഷനെ ദത്തെടുക്കുന്നപക്ഷം, സ്വത്തനിലയിൽ വിധവയെ സംബന്ധിക്കുന്ന മുൻനിയമം പ്രാബല്യപ്പെടും. എന്നാൽ കുടുംബസ്വത്തിന്റെ പങ്കിനെ സംബന്ധിച്ചിടത്തോളം മാത്രമേ ഈ പ്രാബല്യമാകയുള്ളൂ.

വിധവയുടെ ഓഹരി സ്ത്രീധനത്തിനു പുറമെയാകുന്നു.

4. ഒരു വിധവയെ ഒരു അവകാശപ്പെട്ട ഓഹരി, സ്വാതന്ത്ര്യാവകാശത്തോടുകൂടി അവൾക്കുള്ള സ്വത്തിന്റെയോ അല്ലെങ്കിൽ അവളുടെ സ്ത്രീധനത്തിന്റെയോ പുറമെയായിരിക്കുകയും ചെയ്യും.

5. ഒരു കുട്ടനുംബന്ധത്തിലെ പ്രവൃത്തിയിലുണ്ടായ ചെലവിനും കിട്ടുവാൻ ഒരു വിധവക്കുള്ള അവകാശം, അവളുടെ ഓഹരി ഒരു തുകയിൽ നിക്ഷേപമായിരിക്കുമ്പോലെ വിഭാവിച്ച് വകയ്പെട്ടതിനെക്കുറിച്ചുമുള്ള നിയമം.

ചെലവിനു വിധവക്കുള്ള കടപ്പാടു കൂടുതലെ ഓഹരി യുൽപ്പെട്ടതു കഴിയുമ്പോൾ മാത്രം നിന്നുപോകുന്നതെന്ന.

ഉദ്ദേശകാരണങ്ങളുടെ വിവരണം.

സ്മൃതികളുടെ സംബന്ധിച്ചേടത്തോളം, ഹിന്ദുപാരമ്പര്യവ്യവഹാരനിയമം അനുസരിക്കുകയും അന്യായവും, അതിനപ്രകാരം ഹിന്ദുവിധവകൾക്കുടെനില ശോചനീയവും തന്നെ.

ഒരു ഹിന്ദുസ്ത്രീക്ക് തന്റെ അച്ഛന്റെ സ്വത്തിൽ യാതൊരു നാഹരിയും—അതായതു പൂർണ്ണാവകാശ ഉടമസ്ഥയായി വരുന്നതിനു വിധത്തിൽ സ്വത്തിൽ യാതൊരു നാഹരിയും—ലഭിക്കുന്നില്ല; അങ്ങിനെ തന്നെ തന്റെ ഭർത്താവിന്റെ സ്വത്തിലും അവൾക്കു യാതൊന്നും കിട്ടുന്നില്ല. ഹിന്ദുനിയമത്തിലെ പ്രധാന പരിഷ്കർത്താക്കളും വിധവയുടെ അനന്തരാവകാശം വളരെ പരിമിതമായും ചുരുക്കമായുമാണ് സ്വീകരിച്ചിട്ടുള്ളതു. "വിധവ തന്റെ ഭർത്താവിന്റെ ധനത്തിനു അവകാശിയായിത്തീരട്ടെ" എന്നു കാത്യായനൻ പറയുന്നു—മിതാക്ഷര ii, 2, പ. 2 (മെയിനിന്റെ ഹിന്ദുനിയമം, 757-ാം ഭാഗം). മെയിൻ പറയുന്നതാവിതു: "ഒട്ടുമുക്കാൽ സ്മൃതികളും പൊതുവായി അനന്തരാവകാശം കാര്യത്തിൽ ബാധിച്ചിട്ടുണ്ടു ആ അയോഗ്യത തന്നെ തുല്യാംശത്തിൽ അവകാശം (വിധവക്കു) ബാധിച്ചിരിക്കണം..... ഒരു പിൻതുടർച്ചാവകാശി എന്ന നിലയിൽ വിധവയുടെ അവകാശം മനുവാകട്ടെ, യാജ്ഞവല്ക്യവാകട്ടെ, വസിഷ്ഠവാക്യമാകട്ടെ, നാരദവാക്യമാകട്ടെ അംഗീകരിക്കുന്നില്ല. എങ്കിലും പുരുഷന്റെയും ഭാര്യയുടെയും സംഗതിയിൽ അവർ തുല്യ സമ്മതിക്കുന്നുണ്ടു:" 758-ാം ഭാഗം.

വിധവകളുടെ അവകാശങ്ങൾ വികസിച്ചുവന്നചരിത്രം ഇപ്രകാരം പ്രതിപാദിച്ചതിനു ശേഷം, മെയിൻ ഇങ്ങനെ പറയുന്നു: "സ്വത്തു ലാഭിച്ചു കിട്ടിയതിനു ശേഷം ഭർത്താവു മരിച്ചാൽ, വിധവക്കു ഭർത്താവിന്റെ പിൻതുടർച്ചാവകാശം സിദ്ധിക്കുന്നതിനെ" മിതാക്ഷരനിയമം തിരുത്തിപ്പറഞ്ഞിരിക്കുന്നു. "മിതാക്ഷര വ്യാഖ്യാനത്തെ പ്രമാണമായി സ്വീകരിക്കുന്നടത്തെല്ലാം ഈ ചട്ടം എടുപ്പാൻതന്നെ ഇപ്പോഴും സ്വീ

കരിച്ചിട്ടുണ്ട്." (762-ാം ഖണ്ഡം.) അതുപോലെ പിന്നെയും പറയുന്നു താവിതു: "ഭർത്താവ്, സ്വത്തു കാശിച്ചിരിക്കുമ്പോൾ ഭർത്താവിന്റെ മൈലാഞ്ചിയുടെ ഉഴുന്നുതിന്നും ചാകുന്ന കുഴകാരപ്പെണ്ണുങ്ങളെപ്പോലെ മരണം സ്വത്തു കാശിക്കാതിരിക്കുമ്പോഴും തന്റെ ഭർത്താവിന്റെ നാഴരിക്ക നല്ല വിധവക്ക പിൻതുടർച്ചക്കാരുണ്ടെന്നു ബോധിപ്പിച്ചു നിർത്തുവാൻ ചെയ്യിട്ടുണ്ട്". പിന്നാൽ ബോധിപ്പിച്ചും കൂടി സ്വത്തു കാശിക്കാത്ത നല്ല പിൻതുടർച്ചക്കാരുണ്ടെന്നു വരുത്തിയാൽ മാത്രമേ വിധവക്ക് അനന്തരാവകാശമായി യാതൊന്നും കിട്ടുന്നില്ല.

സാമാന്യമായി, "പിൻതുടർച്ചക്കാരി ഇല്ലാത്ത നിലയിൽ നല്ല വിധവകളുടെ അവകാശം അതിനു പറയുന്ന ന്യായം കഴിഞ്ഞതു, അന്യരുടെ തന്റെ സ്വത്തും ചെലവിനുള്ള തുക്കു കഴിഞ്ഞതു, മിച്ചം നിന്നില്ല. ഇതുകാണുമ്പോൾ ഒരു സ്ത്രീ ഒരു പുരുഷനെ പിന്തുടർന്നു മരിച്ചാൽ അവകാശിയായിവരുന്നപക്ഷം ആ സ്ത്രീയുടെ മരണത്തിനു ശേഷം ആ പുരുഷന്റെ അവകാശികൾക്കു പിന്തുടർച്ചയുണ്ടെന്നും ആ സ്ത്രീയുടെ അവകാശികൾക്കു പിന്തുടർച്ചയുണ്ടെന്നും വെച്ചിട്ടുള്ളതു" എന്നു വിധവയുടെ അവകാശം യഥാർത്ഥത്തിൽ ചെലവിനുള്ള ഒരു അവകാശം മാത്രമല്ലാതെ അതിലധികമൊന്നുമില്ല.

ഹിന്ദുക്കളുടെ ഇടയിൽ ഒരു വിധവ യഥാർത്ഥത്തിൽ കിട്ടുവകയിലേക്കുടെ ലാക്കിണ്ണുന്നതിനുള്ള കാരണം", കുടുംബത്തിലെ ധനം ഉഴുവനം അവകൂടെ ഭർത്താവു സമ്പാദിച്ചുതായിരുന്നാലും, ആയാളുടെ ജീവകാലത്തു അവൾ ഭൂശോഷ്ണത്തോടും സമൃദ്ധിയോടും കൂടി ജീവിക്കുന്നതിച്ചിരുന്നാലും, ഭർത്താവു മരിച്ചു ഉടനെ അയാളുടെ സ്വത്തു മുഴുവനും ആയാൾക്കു ശേഷം തന്റെ കുടുംബത്തിൽ ജീവിച്ചിരിക്കുന്ന പുരുഷന്മാരായ അംഗങ്ങൾക്കു ചേരുകയും, അപ്പോൾ മുതൽ ചെലവിനു കിട്ടുവാൻ മാത്രം അവകാശിയായിത്തീരുകയും ചെയ്യുന്നു. സാധാരണ മനസ്സിലാക്കുംപോലെ, ചെലവു" എന്നുവെച്ചാൽ ഭക്ഷണത്തിനുള്ള വക മാത്രമല്ലാതാണ്.

സ്ത്രീ മിക്കവാറും ഭോഗത്തിന്റെ മറ്റു കാര്യങ്ങളിലായി യാതൊരു ബന്ധവുമില്ലാതിരുന്ന ഒരു കാലത്തു, ഭർത്താവിനു അവസ്ഥകനുസരിച്ചു ഭക്ഷണം നടന്നിരിക്കാം. അപ്പോൾ കുടുംബത്തുകിട്ടുന്നവസ്തുക്കായത്തിൽ ആശ്രയമായ വസ്തുക്കളെയും ആൾക്കാരെയും ദേഹിയായി മനസ്സിലാക്കുകയും കുടുംബത്തിലെ അംഗങ്ങൾ തമ്മിലുള്ള സംബന്ധം പൂർണ്ണമായി നടക്കുകയും ചെയ്തിരുന്നു. എന്നാൽ കുട്ടു കുടും

ആസന്ന്രകായത്തിന്റെ കാരണഭൂതന്മാരുടെ ദൃഷ്ടിയിലുണ്ടായിരുന്ന ഒരു ആദർശവും നാമാവശേഷമായിതീരാതിരിക്കുവാൻ ഈ സന്ന്രകായത്തിന്റെ ആരംഭത്തിനു അടിസ്ഥാനമായി വെച്ചിട്ടുണ്ടായിരുന്ന തത്ത്വങ്ങൾ അനുസരിച്ചു നടന്നുതിരിക്കയാലും, ഇട്ടുകൂടാത്തവണ്ണം ശ്രമപ്പെട്ടുണ്ടാക്കിയിരുന്ന ഐക്യത്തെ ഭിന്നിച്ചുകൊണ്ടിരിക്കയാലും, ഹിന്ദുസമുദായത്തിന്റെ ഏകത്വപ്രതീകവും നന്മയിലും ശ്രേഷ്ഠനായിരിക്കുവാനുള്ള ജാതിബന്ധങ്ങൾ അയഞ്ഞതായിതീർന്നുകൊണ്ടിരിക്കയാലും മറ്റുപലേ കാരണങ്ങളാലും—നവീനമിശ്രിവിവാഹങ്ങളേയും സ്വഭാവസന്ന്രകായങ്ങളേയും സ്വീകരിക്കുന്നതും വിദേശസംസ്കാരത്തിന്റെയും വിദേശസംപർക്കത്തിന്റെയും സ്വാധീനശക്തിയുമാണെന്നുവരികിലും എന്റെ കാരണമായിത്തീർന്നിരിക്കുന്നതു—അനന്തരാവകാശത്തെസംബന്ധിച്ചുള്ള ഹിന്ദുനിയമം സ്ത്രീകളുടെ സംഗതിയിൽ വളരെ ആപൽകരമായിത്തീർന്നിരിക്കുന്നു എന്നുള്ളതാണ്. ഈ കാരണമായി അവരുടെ ജീവിതം വിഷമവും ദുഃഖകരവും മിക്കപ്പോഴും കഷ്ടതരവുമായിത്തീർന്നിരിക്കുന്നു; ഈമാതിരി വിധ കുടുംബസ്ഥിതിയോ ദുസ്സഹവും പലേ സംഗതികളിലും ഭയങ്കരവുമായിത്തീർന്നിട്ടുണ്ട്.

ഹിന്ദു വിധവകൾക്കു കുടുംബസ്വത്തിൽ ഒരു ഓഹരിയുണ്ടെങ്കിലും അവരുടെ ഒരിച്ചു ചേർന്നുകഴിയുന്നതുകൊണ്ടു സ്വന്തം സ്വത്തിനെ ആ വിധവകളെ പൂർണ്ണ ഉടമസ്ഥകളാക്കിത്തീർത്തും നിവൃത്തി നല്കുവാനാണ് ഇപ്പോഴത്തെ ബിൽകൊണ്ടു ആലോചിക്കുന്നതു.
